Glasgow, Scotland | joshjunmun@gmail.com | joshyeung.dev | <https://github.com/1110JY>

## JUNIOR WEB DEVELOPER

Junior Web Developer with hands-on full-stack project experience using React, Node.js, and MongoDB. Skilled in building user-focused, responsive applications with modern practices such as Agile workflows, CI/CD pipelines, and cloud databases. Strong problem solver with proven ability to take projects from concept to deployment and eager to grow as a front-end or full-stack developer in a collaborative team environment.

## EXPERIENCE

### Fridge to Feast – Honours Final Year Project 2024-2025

- Developed a recipe app that matches user-inputted ingredients to East Asian recipes
- Used React.js (frontend), Node.js (backend), and Spoonacular & Google Maps APIs
- Prioritised accessibility and sustainable cooking with map-based ingredient finder
- Applied Agile principles, gathered user feedback, and conducted performance testing

### Badminton Buddy - Personal Project 2025 - Present

- Created a full-stack web app to simplify tracking player statistics and matches
- Used React, Next.js, Supabase (auth & DB), and Tailwind CSS for a sleek game-inspired UI
- Added features like multiplayer session editing, calendar filters, and win-rate stat analysis
- Designed a responsive layout with deep links and animated transitions
- Continuously iterated based on user testing and feedback

### Campus Habit Hero – Team Web Application 2023-2024

- Led task planning and weekly stand-ups for a student well-being app
- Built using MERN stack (React, Node, MongoDB, Express)
- Implemented CI/CD pipelines and automated testing with Jest, reducing manual testing effort by 30%.

## SKILLS

- **Languages & Frameworks** - JavaScript, React.js, Node.js, Express.js, Python, SQL, HTML5, CSS3
- **Tools & Practices** - VS Code, GitHub, Agile, CI/CD, Supabase, MongoDB Atlas, Figma
- **Soft Skills** - Critical thinking, problem solving, adaptability, team collaboration, efficiency under pressure

## EDUCATION

BSc (Hons) Computing (2:1) | Glasgow Caledonian University 2023–2025

HND Software Development | Glasgow Clyde College 2022–2023

## CERTIFICATIONS

- Oracle Academy: Database Programming with SQL
- Oracle Academy: Database Design
